Our company was established in 2009. The main production base is located in Foshan Shunde which is well-known as one of the most developed areas in manufacturing industry. The factory covers about 4,000 square meters, and we have over 100 staff members, more than 10 percent of whom work in R&D department. We specialize in designing, manufacturing and distributing auto exterior decoration products mainly for SUVs, MPVs, Jeeps and Pickups. With our master brand HASUR®, the present main products include SUV Automatic Running Board, Normal Side Bar (step plate), Roof Cargo Box, Roof Rack, Ultra Quiet Cross Bar, Trailer Ball, Trailer Hitch, Rear Hitch Basket, etc. Different series of products match with about 30 different brands of cars, derivatively more than 100 specific models.

We consistently adhere to the precious business philosophy "Technique props up, Quality blossoms a bud, Integrity wins the market triumph." Thanks for the supporting and encouraging and trusting from our customers, we have made great effort to successfully overcome difficulties and have achieved brilliant progress in product innovation and service improvement. Our products are not only popularly sold around 30 provinces in domestic China, but also warmly welcomed and widely exported to overseas markets such as North America, South America, Middle East and Southeast Asia.

In order to level up our comprehensive performance in product, sales and service, We conscientiously strengthen and continually improve the enterprise management. We have passed the ISO9001:2000 quality system certification, as well as the ROHS, SGS, and TUV certificates. Teamwork, practical, innovation, and transcendence is our highlighting. People oriented, honest and trustworthy business-running keeps us moving forward with better product and better service to meet our customers' need. We are expecting to cooperate with the domestic and foreign merchants on the basis of sincerity to achieve double win.
